# Part 3 - Complete Description of the Incident

#### Describe the Incident(s) in complete detail.

On October 8<sup>th</sup> 2023, the State Administration Council (SAC)<sup>5</sup> Light Infantry Division (LID) #44 and local Infantry Battalions (IB) #284 and #32 conducted an operation in Noh T'Kaw Township, Dooplaya District, and arrested some villagers they encountered in A--- village, T'Hka Kloh village tract, in order to use them as human shields. A villager named S--- was arrested when he was looking after the cattle, and two other villagers [named T--- and U---]

<sup>&</sup>lt;sup>3</sup> A Light Infantry Division (LID) of the Tatmadaw is commanded by a brigadier general, and consists of ten light infantry battalions specially trained in counter-insurgency, jungle warfare, search and destroy operations against ethnic insurgents. They were first incorporated into the Tatmadaw in 1966. LIDs are organised under three Tactical Operations Commands, commanded by a colonel, three battalions each and one reserve, one field artillery battalion, one armoured squadron and other support units. Each division is directly under the command of the Chief of Staff (Army).

<sup>&</sup>lt;sup>4</sup> An Infantry Battalion (IB) comprises 500 soldiers. However, most Infantry Battalions in the Tatmadaw are understrength with less than 200 soldiers. Yet up to date information regarding the size of battalions is hard to come by, particularly following the signing of the Nationwide Ceasefire Agreement (NCA). They are primarily used for garrison duty but are sometimes used in offensive operations.

<sup>&</sup>lt;sup>5</sup> The State Administration Council (SAC) is the executive governing body created in the aftermath of the February 1st 2021 military coup. It was established by Senior General Min Aung Hlaing on February 2nd 2021, and is composed of eight military officers and eight civilians. The chairperson serves as the de facto head of government of Burma/Myanmar and leads the Military Cabinet of Myanmar, the executive branch of the government. Min Aung Hlaing assumed the role of SAC chairperson following the coup.

were arrested while working on their farms. One of the arrested villagers, U---, has a mental disability and is also mute. SAC soldiers usually ask [force] villagers to travel with them in order to deter attacks from resistance armed groups.

One of the victims, S---, explained: "At first, I thought that people were doing something [on his pasture land outside A--- village], so I went there to have a look. When I reached there, there were SAC soldiers. The soldiers came towards me. I told them I was a herder. [Then,] the SAC soldiers said: 'We request you to accompany us for a while'. I [had] tied my cattle with rope so the calves were scattered [grazing around]. I told the soldiers that I would release my cattle [first so they could all graze in the pasture land], but the SAC soldiers did not allow me to do so. The SAC soldiers asked [to] me which village the way goes. I told them the road was not going anywhere [not connecting any village]; the track was only for cattle. The SAC soldiers asked me to accompany them and direct the way for them."

One of the arrested villagers was forced to carry a backpack estimated to weigh five viss [8.16 kg/18 lbs]. The arrested villagers were provided only three packs of MAMA [Instant noodles] for each person for three days. The SAC soldiers gave a pack of rice to Saw<sup>6</sup> S---, but Saw S-- dared not to eat it because [he believed] it smelled like some kind of drug.

The arrested villagers were released on October 10<sup>th</sup> 2023. The SAC soldiers thanked them and gave them 10,000 kyat [4.76 USD]<sup>7</sup>. Saw S--- explained [to KHRG that] it is not right to ask villagers to do that job [walk in front of soldiers as human shields], although they are given money [afterwards]. Currently, Saw S--- dared not look after the cattle far from the village.
