On November 4th 2023 [in the morning], fighting broke out between State Administration Council (SAC)⁶ soldiers [unknown battalion] against combined forces from People's Defence

⁴ 'Muslim' is treated as both an ethnic and religious designation in Southeast Burma, the reason being that many 'Muslims' in Southeast Burma are unable to trace their ethnic origins. What is generally meant by that is that they are not able to trace their ethnic origins back to one of the 135 government-defined 'national races' that are used to determine citizenship. While 'Muslim' or 'Kaw La'/'Ka La' may be used as ethnic designators in common parlance, neither however is appropriate in designating ethnicity on official documents because not part of the official vocabulary used for ethnic designations that confer citizenship.

⁵ A village tract is an administrative unit of between five and 20 villages in a local area, often centred on a large village.

⁶ The State Administration Council (SAC) is the executive governing body created in the aftermath of the February 1st 2021 military coup. It was established by Senior General Min Aung Hlaing on February 2nd 2021, and is composed of eight military officers and eight civilians. The chairperson serves as the de facto head of government of Myanmar and leads the Military Cabinet of Myanmar, the executive branch of the government. Min Aung Hlaing assumed the role of SAC chairperson following the coup.

Force (PDF)⁷ and Karen National Liberation Army (KNLA)⁸ in Kawkareik Town, Kaw T'Ree Township, Dooplaya District. At around 10 am, the SAC conducted an air strike [and one bomb landed] inside E--- section, Kawkareik Town. [At the time,] Saw A--- (11 years old), a Grade-3 [primary school] boy, was with his grandmother [in their house in E--- section], and went outside of the house to urinate. While he was urinating, he was hit by shrapnel [from a bomb] on the right calf. His grandmother heard him being wounded by the shrapnel and immediately called his parents, who sent him [by car] to a hospital in Hpa-an Town, Hpa-an District [located one hour away] to receive treatment. When he reached the hospital, he had very low blood pressure [due to blood loss], thus it could not be predicted whether he would live or not. Saw A--- received treatment on time and was saved. [His parents paid for the treatment themselves, and did not receive assistance from any organisations]. By November 30th 2023, his wound was not fully healed, so he received further treatment at C--- clinic, in Naw Kwaw village tract, Ta Kreh (Paingkyon) Township, Hpa-an District. [C--- clinic is under the Karen Department of Health and Welfare (KDHW)⁹, so treatment was free of charge.] Regarding the incident, his mother expressed: *"In this political situation, it is not convenient to work. Our financial situation is becoming more difficult. It's really sad to witness my son experience it [the attack]."*

On December 2nd 2023, at 8 am, the SAC conducted an air strike into F--- section in Kawkareik Town, Kaw T'Ree Township, Dooplaya District. The shrapnel [from the dropped bomb] injured Ma B---, a woman nine months pregnant, on the left side of her back. At the time, she was gathering things inside her house to flee [as villagers could hear the sound of aircraft approaching them]. Her husband witnessed what happened to his wife, as he was on his motorbike and had just started the engine. He immediately sent his wife to D--- clinic, Meh Pah Leh village tract, Nabu [T'Nay Cha] Township, Hpa-an District. It was hard to perform surgery on a woman who was nine months pregnant, so at 10 am she was referred to C--- clinic, Naw Kwee village tract, [which is better equipped]. Regarding the incident, Ma B--- expressed: *"A 500-pound bomb, dropped from the aircraft, injured villagers. And I don't know how many were killed by it. I don't want to put the blame on anyone when such things happen. But for certain, I'm very sad and feel bad about the incident."*

Part 4 - Permission for Using the Details

Did the victim(s) provide permission to use this information? Explain how that permission was provided.

Saw A---'s mother and Ma B--- gave permission to KHRG to publish the information regarding the human rights violations caused by the SAC air strikes.

⁷ The People's Defence Force (PDF) is an armed resistance established independently as local civilian militias operating across the country. Following the February 1st 2021 military coup and the ongoing brutal violence enacted by the junta, the majority of these groups began working with the National Unity Government (NUG), a body claiming to be the legitimate government of Burma/Myanmar, which then formalized the PDF on May 5th 2021 as a precursor to a federal army.

⁸ The Karen National Liberation Army is the armed wing of the Karen National Union.

⁹ The Karen Department of Health and Welfare (KDHW) is the health department of the Karen National Union. It was established in 1956 to address the lack of public healthcare resources in rural Southeast Myanmar. It currently operates a network of community-based clinics in the region, but its capabilities remain limited due to funding constraints.
